

Katelyn + Bru

WORLAND

Katelyn and Bru grew up in the same small town of Worland, Wyoming. The two were each other's first kiss in the 6th grade, and the pair officially started dating when they were juniors in high school. Eight years later, Katelyn and Bru were back home in Worland celebrating Christmas with their families. During the trip, Bru took Katelyn to the park where they shared their first kiss all those years ago. In the exact spot of that first special moment together, Bru got down on one knee and proposed! Katelyn and Bru planned a country wedding celebration for July 20th.

WHY WYOMING?

“Bru and I were both born and raised in Wyoming. Wyoming is our home, and we love this beautiful state. At this point, I don’t ever see us moving out of Wyoming. We chose to get married in Worland, Wyoming because that is where we both grew up, both of our families still live there, and over half of our guests were from there.”

HANDWRITTEN VOWS

On a family friend's land with sprawling pastures in the background, Katelyn and Bru exchanged handwritten vows truly capturing the love the pair shares for each other in front of 500 guests. After the I dos, the group enjoyed food from three different local food trucks and danced the night away under the stars.

ADVICE FROM THE BRIDE

“Continue to ‘date’ and fall in love with your partner and continue to learn new things about each other every day. Always be truthful with each other, listen, and keep an open mind. Always say ‘I love you’ and dream and encourage each other every day.”
